

# Connect

communicate and collaborate

Connect is a social networking site focused on Missions and Great Commission efforts with goals to see the mission world better

**CONNECT, COMMUNICATE, AND COLLABORATE.**

**The Global Great Commission Network ([www.ggcn.org](http://www.ggcn.org)) offers Connect as a free, secure, online cooperative tool.**

**CONNECT** - **Connect** is first and foremost a virtual space to connect. **Connect** is a place that introduces individuals to the variety of components that make up the Mission world and provides a platform to interact and collaborate with one another.

**COMMUNICATE** - Through **Connect** we are able to encourage communication on a number of levels, share ideas, and champion a cause. This is the perfect space to remain connected to friends and colleagues serving in mission around the world.

**COLLABORATE** - Our ultimate goal is that as people connect and communicate it will lead to increased collaboration between ministries, agencies, networks and individuals. Through **Connect** you are able to champion a cause, raise awareness, share needs, create projects, plan outreaches, events, etc.
